## A BATCH STRENGTH RELEASE OF OUR AWARD WINNING NECTAR GROVE

As the follow up to 2017's hugely successful Nectar Grove 46% release Wemyss Malts decided to produce a one of a kind, batch strength version of the Highland malt whisky matured in Madeira wine casks.

### FINISHED IN MADEIRA WINE CASKS.

After an initial cask maturation in refill oak casks the light, fruity and nutty flavoured Highland malts were carefully combined and 're-racked' into Madeira wine barrels for a further maturation known as 'finishing' or in blending terminology 'marrying'.

This process not only imbued the Highland blended malt with the complex sweet notes but imparted intricate wood tannins and allowed the blended whisky to harmonise over time.

### BOTTLED BATCH STRENGTH, NON CHILL-FILTERED AND NATURAL COLOUR.

The result of bottling this batch at 54%abv, a strength that suited the blend, is a intensely fruity, sweet and indulgent malt whisky with a bright natural colour and an effervescent yet mouth coating texture. We have bottled this whisky in special 'rainbow' holographic reflective packaging.

**COLOUR:** Rose Copper

**NOSE:** Dried stone fruits such as peaches, nectarines, apricots and kumquats appear on the nose. Sugar coated hazelnuts, Jordan almonds as well as floral hints of rose water and geranium stewed tea. Deeper notes of custard tart and freshly baked baklava round off the intoxicating bouquet.

**PALATE:** Seville orange flavoured caramel, rich vanilla ice-cream and sugary; like freshly fried churros or a Crème brûlée. The fruit notes appear as stewed peach, banana and nectarines and all make a punchy entrance on the palate thanks to the 54.%abv.

**FINISH:** A mouth coating texture that allows complex spices to build such as crystallised ginger, cinnamon and saffron threads.

# 2017 RELEASE: NECTAR GROVE
